41. [REDACTED] BRIEFING Accompanied Dick  
Grimmitt and Robert Bell, Library of Congress, to a briefing  
on arms sales to Latin America. After the briefing procedures for  
utilizing CIA's information were discussed, it appeared that  
the staffers would not be including any CIA information in their  
report. If they do want to utilize CIA information, however, they  
will provide us in advance any information they might use.
